Dark Sky-Friendly Architectural Wall Packs

Millenium Finite™ Series Luminaires

Versatility in design and function makes Millenium Finite an ideal lighting solution for a variety of applications. The dark sky-friendly aperture provides full cutoff for environmentally-sensitive applications. In addition, specially designed optics deliver high performance while reducing energy consumption.

NEW FN6 Series

- Nominal size: 6"W × 12" or 24" lengths
- Extruded aluminum housing with die-cast end caps
- Multiple distributions from precision optics
- Embedded occupancy sensor option
- LED emergency battery backup option

FNL6 Series

- 1', 2', 3', 4' and 6' lengths
- Extruded aluminum housing with die-cast end caps
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

FN9 Series

- Nominal size: 9"W × 9"H
- Type II, III and IV optical distributions
- Serviceable, high-brightness LED array

FN15 Series

- Nominal size: 15"W × 9"H
- Type II, III and IV optical distributions
- Serviceable, high-brightness LED array
- Available two-circuit and cold-weather battery pack option

Architectural Wall Packs

Millenium™ Round, Oval and Square Series Luminaires

Millenium Rounds, Ovals and Squares are available with many optional features, including embedded motion sensors. This provides a versatile blend of aesthetics and performance that allows designers to use Millenium as a thematic design element throughout a project—from a single building to an entire campus.

MR13E Series

- 13" diameter
- Available with low profile, deep, or semi-recessed housing
- Multiple finish options, including custom color
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

MR17E Series

- 17" diameter
- Available with low profile, deep, or semi-recessed housing
- Multiple finish options, including custom color
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

MO13E, H Series

- Nominal size: 9" x 13" or 13" x 9"
- Available with low or deep profile housing, in horizontal or vertical orientation
- Multiple finish options, including custom color
- Photo control option
- LED emergency battery backup option

MS11E, D Series

- Nominal size: 11" x 11"
- Available with low profile or deep housing
- Multiple finish options, including custom color
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

MS15E, D Series

- Nominal size: 15" x 15"
- Available with low profile or deep housing
- Multiple finish options, including custom color
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

High Abuse Wall Packs

Herculux™ and Sentinall™ Series Luminaires

Herculux is the original, heavy-duty, high-abuse lighting series. Along with the Sentinall series, these luminaires are designed to withstand tampering and vandalism, while facilitating ease of maintenance. Featuring the latest in LED technology and simple controls, these luminaires provide the right amount of light for even your most challenging applications.

H69E Series

- Nominal size: 6" W × 9" H
- Heavy, die-cast aluminum housing
- Available with low, medium, or deep profile housing
- Photo control option

H99E Series

- Nominal size: 9" W × 9" H
- One-piece, heavy-duty, die-cast housing
- Available with low, medium, or deep profile housing
- Photo control option
- LED emergency battery backup option

S511L Series

- Nominal size: 5" W × 11" H
- 18-gauge cold-rolled steel baseplate
- Marine-grade aluminum housing optional

H612E Series

- Nominal size: 6" W × 12" H
- Heavy, die-cast aluminum housing
- Available with low, medium, or deep profile housing
- Photo control option
- LED emergency battery backup option

H1212E Series

- Nominal sizes: 12" W × 12" H
- One-piece, heavy-duty, die-cast housing
- Available with low, medium, or deep profile housing
- Photo control or embedded occupancy sensor option
- LED emergency battery backup option

S711D Series

- Nominal size: 7" W × 11" H
- 18-gauge cold-rolled steel baseplate
- LED emergency battery backup option
- Photo control option

Lighting that Lasts — and Your Peace of Mind, Guaranteed

LED luminaires have a very long life, so it's critical that exterior fixtures have durable housings to match. Since 1965, Kenall has manufactured lighting specifically designed to withstand the challenges of public spaces, especially attempts at vandalism. Most of the luminaires in this guide are IP64-certified, so they're protected against the ingress of dust and water; Title 24 compliant; and all of them offer a polycarbonate lens option, meaning they are covered by Kenall's exclusive **Peace of Mind Guarantee**® against breakage. It's our promise to you that you can trust these luminaires to do the job, inside or out, for years to come.
