

Rest Easy with Comfort and Performance

MedMaster Pillow™ MPCK

Transform patient spaces with the **MedMaster Pillow™ Series** – where simple curved lines and calming aesthetics meet advanced functionality. Designed to enhance the patient experience, these luminaires deliver:

Subtle, cove-like illumination:

a concave vacuum-formed lens creates a smooth gradient from perimeter to center for ambient light that feels natural and comforting.

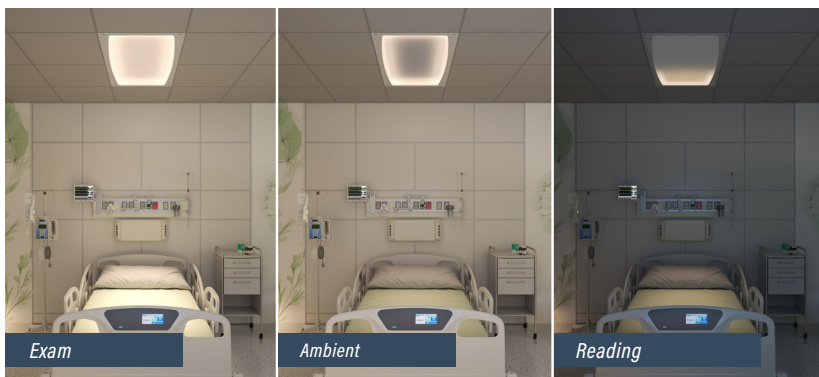

Seamless multi-function lighting:

uniform, diffuse illumination for Ambient, Exam and Reading modes without visible compartments.

Visual comfort: Low glare from the patient's vantage point to promote relaxation, and from the clinician's vantage point to improve performance.

Key Features

- Delivered lumen range: **1,579 – 14,007 lm**
- Input power: **15 – 112W**
- Efficacy: **106 – 126 lm/W**
- Low glare: **UGR 11** (application-based)
- Sealed **2'x2'** or **2'x4'** troffer for recessed grid and drywall ceilings
