Nominal size: 24" diameter
Installation type: Flange
Lamp type: LED

Designed to support a healing environment, this soft, circular luminaire creates a welcoming atmosphere while providing uniform light and low glare. It enhances visual comfort and architectural appeal while meeting strict tamper- and ligature-resistant standards. Available in single or multi-function models, BHRT offers continuous visible light disinfection via Indigo-Clean® and optional tunable white technology for circadian support—promoting patient comfort and caregiver alertness.
