

Mighty Mac™ CCS Series

Supermax-Level Safety: Introducing the Industry's First Virtually Impenetrable Light Fixtures

CCS Series

- Delivered lumen range: 2,247 lm – 5,064 lm
- Input Power: 22 – 43 W
- Efficacy: 96 – 122 lm/W
- Long life LEDs: 60,000 – 85,000 hours (L70)

Nominal size: 7" x 36"
 Installation type: corner ceiling mount
 Lamp type: LED

Safety First. Always.

The CCS series is intended for corner mounting at the intersection of the wall and ceiling. The large, heavy-gauge flange provides for secure attachment to concrete or steel surfaces. Light distribution evenly fills the cell so that most require only one fixture to meet ACA illumination requirements at the mirror or desk. Larger cells commonly use this fixture over the work area to supplement a ceiling mount fixture.

Kenall's new Mighty Mac CCS family of fixtures are designed for any security level facility, up to and including Supermax. These luminaires are impervious to vandalism and contraband concealment, adding an extra layer of security that keeps your staff and inmates safe.
