The Downlights You Need to Seal Any Deal are All-New and Available Now.
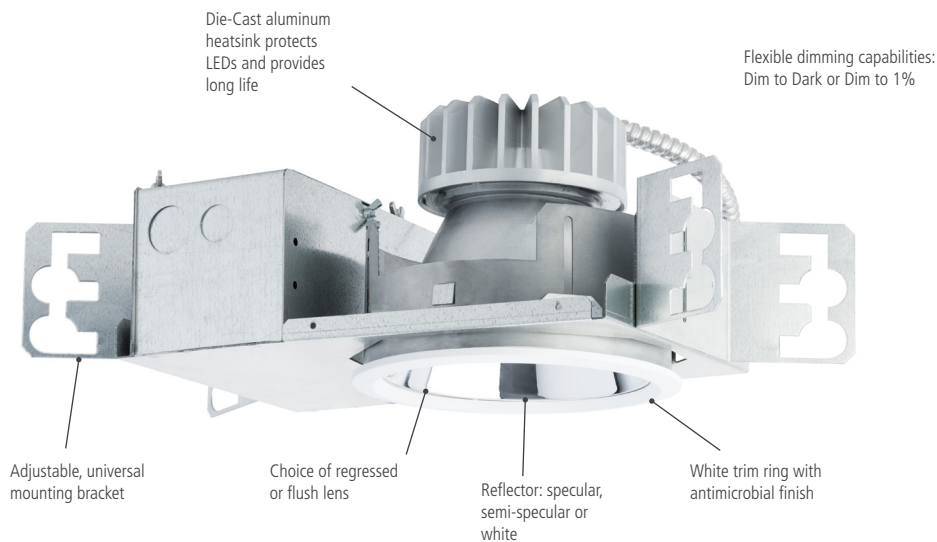

Kenall's sealed downlights fit the needs of the most challenging environments, including:

- Hospitals and clinics
- Behavioral health facilities
- Cleanrooms
- Containment areas
- Food processors
- Pharmaceutical manufacturers
- Transportation, transit and other public spaces
- Military installations
- Educational facilities
- All areas where damp and wet location listings simply are not enough

Avoid the headache of downlights that don't live up to your demanding applications. *Kenall's new modular downlights are designed to stay tightly sealed and perform efficiently for years.*

One simple, modular design accommodates both recessed and flush mount installations, and Ingress Protection is an integral part of that design — so there are no surprise upcharges.

Die-Cast aluminum heatsink protects LEDs and provides long life

Flexible dimming capabilities: Dim to Dark or Dim to 1%

Adjustable, universal mounting bracket

Choice of regressed or flush lens

Reflector: specular, semi-specular or white

White trim ring with antimicrobial finish

…And Easy Installation

This downlight ships in two phases so the rough-in frame is installed first. The trim finishing section can then be installed once the ceiling is finished, adjusting to fit various ceiling thicknesses.

The Downlights You Need to Seal any Deal are All-New and Available Now.

REGRESSED LENS DOWNLIGHTS

MODEL	APPLICATION	INPUT WATTS	CCT	CRI	IP RATING	EMISSIONS PROTECTION	TRIM RING
Millenium™ HADL	High Abuse, Education, Correctional, Canopy	12L, 22L, 33L, 55L	4000K*	80, 90	IP64		Die-cast aluminum; Stainless steel; Cold-rolled steel
MedMaster™ M4DL	Surgical suites	12L, 22L, 33L, 55L	4000K*	80, 90	IP64	EMI Filter	Die-cast aluminum; Stainless steel; Cold-rolled steel
MedMaster™ MRIDL	MRI suites	13L, 23L, 31L	4000K*	80, 90	IP64	24V DC RF-EMI emissions compliant	Die-cast aluminum
MedMaster™ MDL	Healthcare (general)	12L, 22L, 33L, 55L	4000K*	80, 90	IP64		Die-cast aluminum; Stainless steel; Cold-rolled steel

FLUSH LENS DOWNLIGHTS

MODEL	APPLICATION	INPUT WATTS	CCT	CRI	IP RATING	EMISSIONS PROTECTION	TRIM RING
MightyMac™ HADL	High Abuse, Education, Correctional, Canopy	12L, 22L, 33L, 55L	4000K*	80, 90	IP64 with screwless flush lens, IP65 with standard flush lens		Die-cast aluminum; Stainless steel; Cold-rolled steel
MedMaster™ M4DL	Surgical suites	12L, 22L, 33L, 55L	4000K*	80, 90	IP64 (IP65 optional)	EMI Filter	Die-cast aluminum; Stainless steel; Cold-rolled steel
MedMaster™ MRIDL	Healthcare (general)	13L, 23L, 31L	4000K*	80, 90	IP64 with screwless flush lens, IP65 with standard flush lens	24V DC RF-EMI emissions compliant	Die-cast aluminum
MedMaster™ MDL	Healthcare (general)	12L, 22L, 33L, 55L	4000K*	80, 90	IP64 with screwless flush lens, IP65 with standard flush lens		Die-cast aluminum; Stainless steel; Cold-rolled steel
MedMaster™ BHDL	MRI suites	12L, 22L, 33L, 55L	4000K*	80, 90	IP65		Stainless steel; Cold-rolled steel
SimpleSeal™ CDL	Cleanroom & containment	12L, 22L, 33L, 55L	4000K*	80	IP64 with screwless flush lens, IP65 with standard flush lens		Stainless steel; Cold-rolled steel
EnviroPro™ EPDL	Food processing & pharmaceutical	12L, 22L, 33L, 55L	4000K*	80	IP64 with screwless flush lens, IP65 with standard flush lens		Stainless steel
LuxTran™ TDL	Transit & Transportation	12L, 22L, 33L, 55L	4000K*	80	IP65		Stainless Steel

* Also available in 3,000K, 3,500K and 5,000K
