Tunnel Lighting

Kenall's LTSIU LED Series tunnel luminaire is suitable for supplemental lighting in transition zones with a ceiling or wall orientation. The luminaires universal housing makes it ideal for installation from threshold to exit zones. Kenall tunnel luminaires are completely customizable to address the highly complex and challenging needs of tunnel applications.

Contact Michael Maltezos at 847-507-4531 or Mmaltezos@kenall.com to assist you with your next tunnel project.
