Lamp type: LED

Kenall's MedMaster MCRT and MCAERT round troffers replace traditional sealed lighting with a softer, more welcoming look. Their circular design tempers the clinical feel and helps healthcare spaces feel more comfortable, supporting a hospitality-style approach to care. Featuring uniform luminance, low glare, and discrete transitions from ambient to exam to nightlight modes, these luminaires bring visual harmony and architectural interest to the environment while meeting strict standards for cleaning and infection control.
