MedMaster™ MedSlot™ Series

Combining a Sleek Design Aesthetic with Unparalleled Performance

Multi-Function MedSlot MAERS4 fixture shown

Choose the MedMaster MedSlot family of luminaires for lighting that excels in both function and form.

MedSlot is a family of 4-inch wide healthcare luminaires in multiple lengths and configurations that are ideal for healthcare settings including patient rooms, hallways, lobbies and waiting areas. They are available in single and multi-function models, with optional features integrated into a slim, architectural form that can be mounted in grid and drywall ceilings with a trimless drywall option.

The multi-function MedSlot luminaire has a continuous appearance that eliminates functional compartments and lends itself beautifully to patient room applications.

MedSlot MRS4 and MAERS4 Series

- Single or multi-function configurations
- Symmetric and asymmetric distribution options
- Non-visible fasteners for standard healthcare applications
- Optional Tunable White light

Single-Function MedSlot MRS4 shown
