

- » Synchronous center and perimeter light engines with unified illumination and control
- » Static white color; native amber color for coastal applications
- » Surface wall or ceiling installation
- » 14" or 18" nominal diameter with 2" overall depth
- » Available embedded motion sensor
- » IK10 impact rating and Peace of Mind Guarantee against breakage

**HOUSING:** Die-cast aluminum baseplate and frontal heat sink trim. Optional die-cast aluminum surface-mount adapter for use with conduit. Standard TGIC polyester powder coat finish on aluminum components with five-step pre-treatment to withstand 1,000-hour salt spray test per ASTM B117. See Ordering Information for available finishes. Closed cell gasketing seals all housing component interfaces.

**LAMPING:** Available 3000K, 3500K and 4000K color temperatures with 3-step MacAdam variation allowance, or native 590 nm amber. Standard 80 CRI min, optional 90 CRI min. on white. Edge-lit center lamping and perimeter circumferential back-lit lamping are constructed with the same color specification LED and operate on the same driver. See dual-function HASD product for independent color and control configurations.

**SENSOR & CONTROLS:** Optional embedded microwave motion sensor mounted behind center diffuser. Factory programming is 30% dimming and 20min. timeout. Custom settings available upon request. Sensor operates at 5.8 GHz (continuous-wave radar) and provides 360° coverage. To see the full list of third-party compatible controls, [click here](#).

**INSTALLATION:** Suitable for surface wall or ceiling installations over recessed junction box. -30°C to 40°C ambient environments, unless otherwise noted. Available surface adapter for applications requiring surface-run conduit or photocell control. Anchored four-point mounting required. Trim assembly secured to baseplate with three (3) concealed, tamper-resistant Torx® fasteners.

**PHOTOMETRICS:** Photometry tested to the IESNA LM-79-08 standard by an ILAC/ISO17025 accredited laboratory. For additional photometric information, go to [www.kenall.com](http://www.kenall.com).

**WARRANTY:** Limited five (5) year LED warranty. Peace of Mind Guarantee against breakage.

**LISTINGS:** Luminaire is certified to UL Standards by Intertek Testing Laboratory for Wet Location Wall and Covered Ceiling; listing includes Emergency Battery Pack "LEL" option. IP64 rating per IEC 60598. Luminaire tested to an IK10 impact protection rating per IEC 60068-2-75:1997-08.
