Illustrated Series Patterns

# iMAGINE Series Luminaires

---

Experience the next evolution in environmental lighting design with Kenall's redefined iMAGINE Series. More than just illumination, iMAGINE seamlessly blends advanced lighting with captivating, illuminated graphics to cultivate environments that elevate well-being, mitigate stress, and optimize functionality.

From enhancing patient recovery in healthcare to boosting productivity, iMAGINE delivers improved mood, heightened focus, and an undeniable sense of calm and safety across a variety of settings. Discover the difference true environmental design makes.

Our iMAGINE series offers versatile configurations to perfectly suit your project. Choose from 2x2, 2x4, and 4x4 luminaire configurations, round troffer options, and multiple sconce designs to meet your specific needs.

Have a desired image or pattern in mind?  
Perfect...iMAGINE is limited only by your iMAGINE-ation. Let's talk.

---

# iMAGINE Nature Series

## **Bringing the Outdoors In**

Immerse your space in the tranquility of the natural world with the iMAGINE Nature Series. This collection features breathtaking illuminated graphics of serene clouds, majestic trees, expansive landscapes, and calming aquatic scenes. Designed to create a sense of peace and connection to the outdoors, the Nature Series transforms any environment into a soothing sanctuary.

---

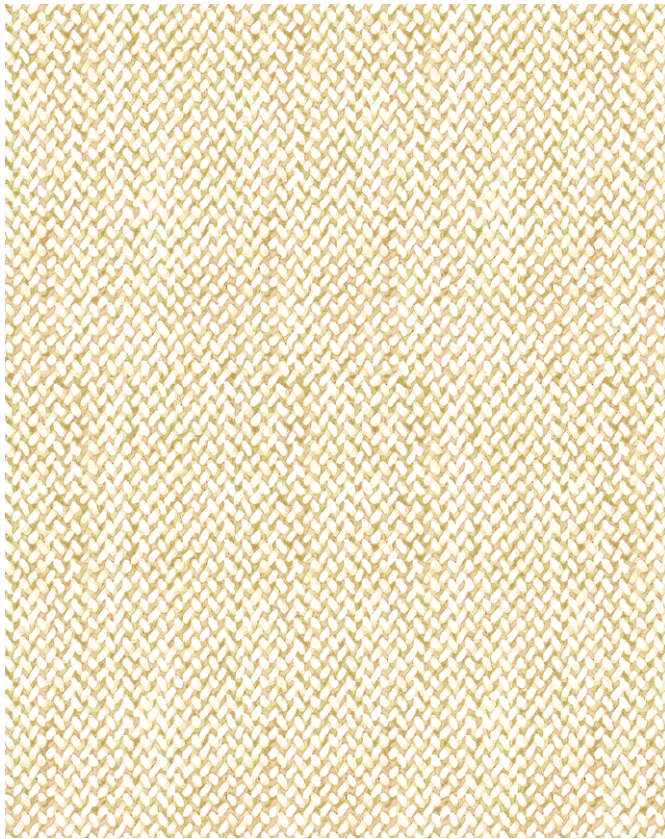

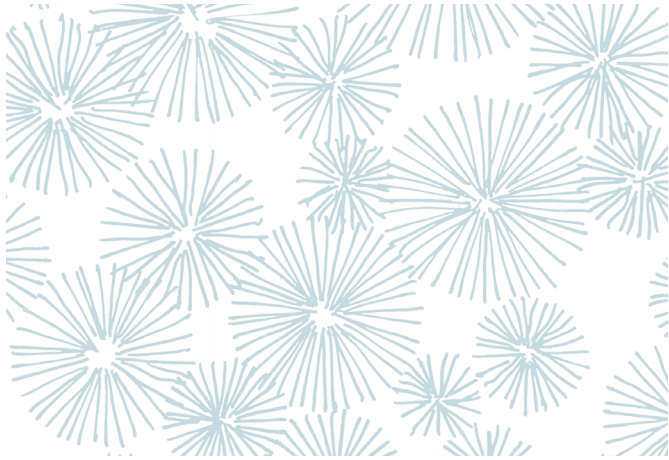

---

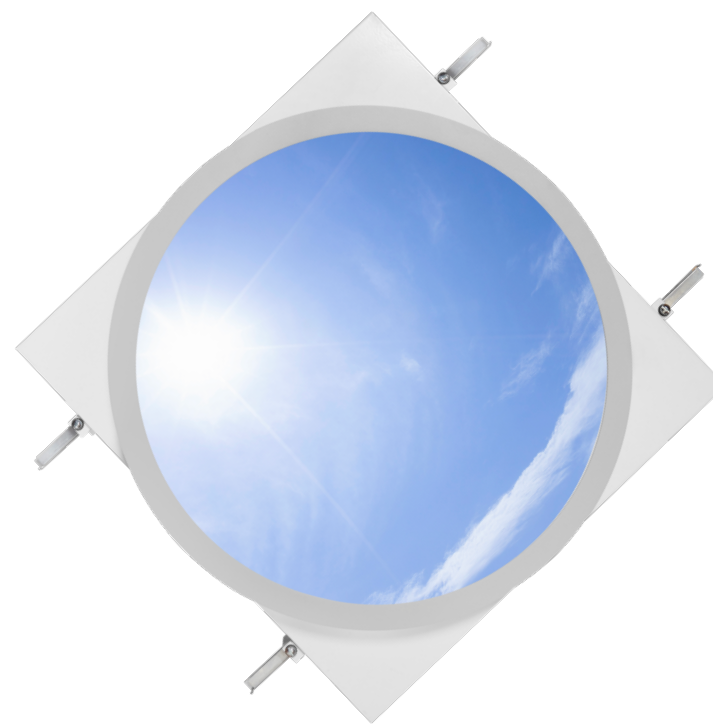

# iMAGINE Illustrated Series

## **Unleash Imagination & Enhance Ambiance**

Explore new dimensions of design with the iMAGINE Illustrated Series. This collection features unique, illuminated graphics that bring artistic vision and storytelling to your environment. From abstract patterns to whimsical designs, the Illustrated Series allows for creative expression while fostering the same calming, stress-reducing, and functional benefits that are a signature of the iMAGINE Series.

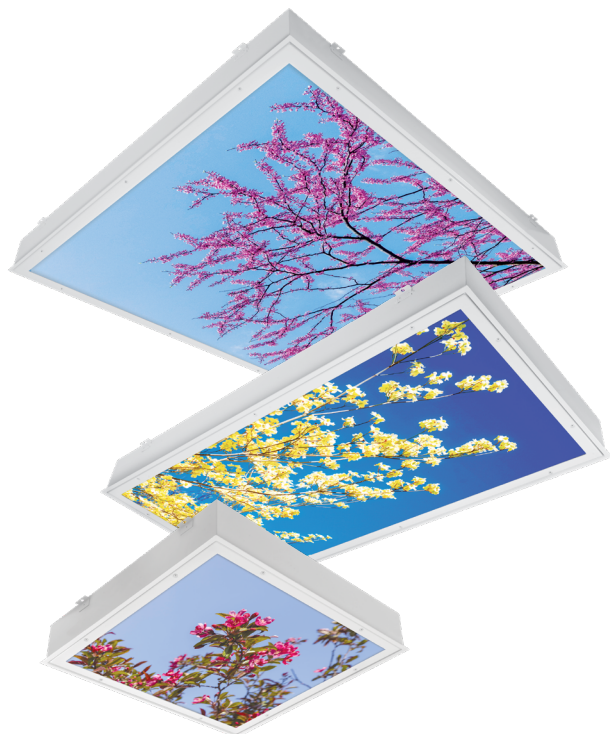

---

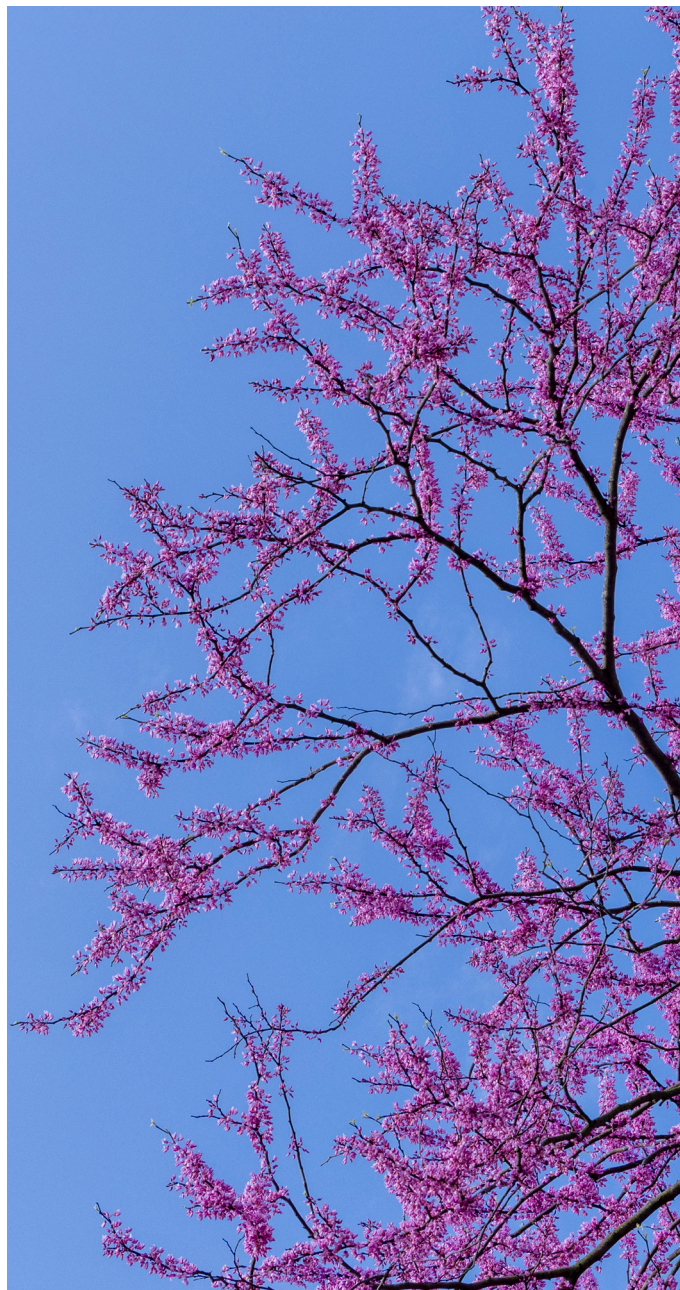

**MEDMASTER® RECESSED ROUND TROFFER (MCRT & BHRT SERIES)**

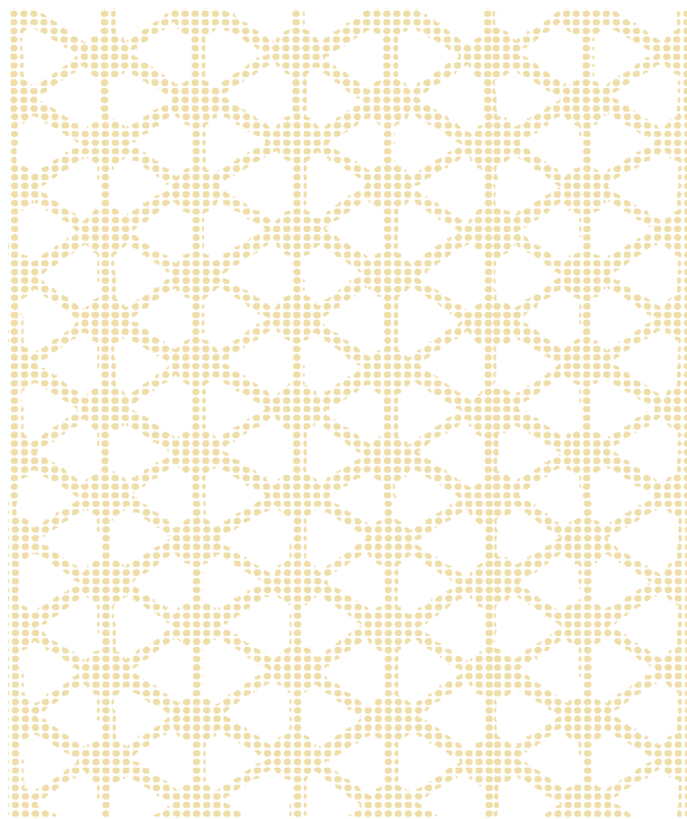

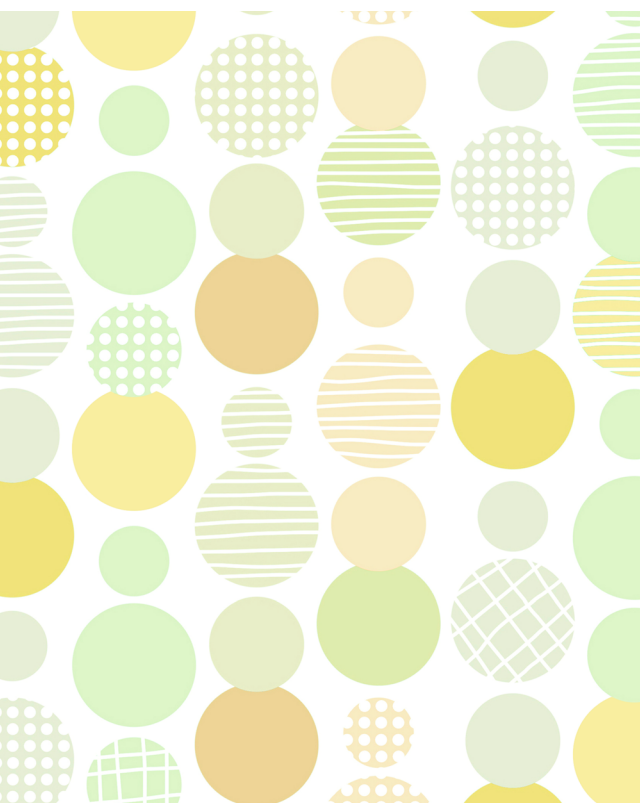

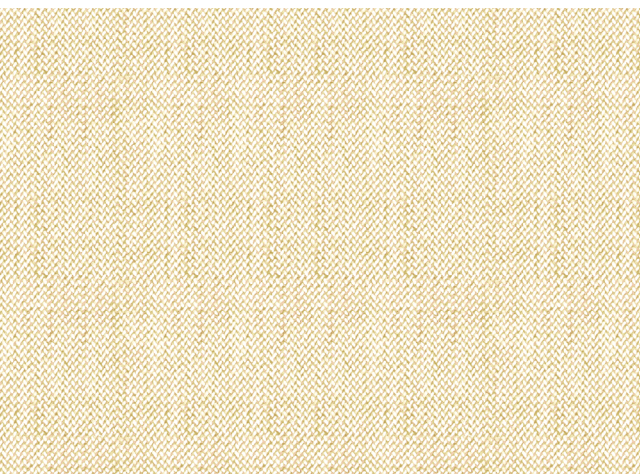

Add graphics from the iMAGINE Series to Kenall's round troffer luminaires. The combination of soft curves and serene graphics creates a more comforting, less sterile environment. This visually inviting design helps reduce anxiety and promotes a sense of well-being in healthcare and behavioral health spaces.

### MEDMASTER® CLEANSCE™ (CS & CSMRI SERIES)

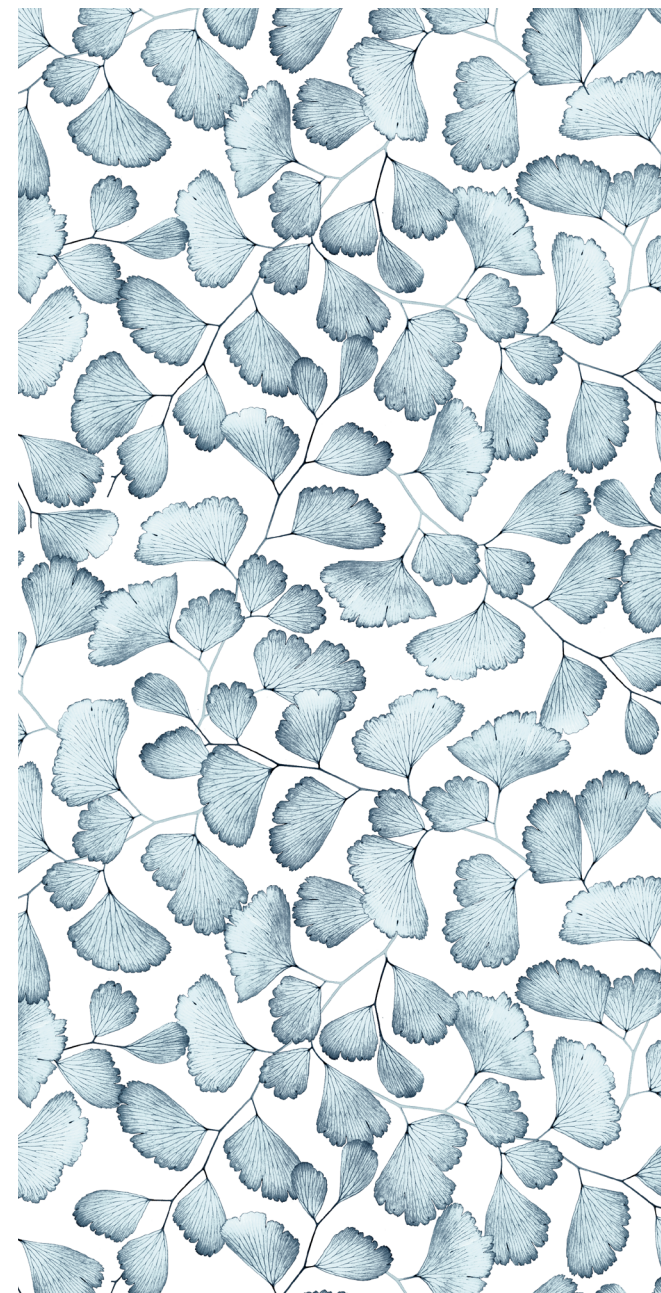

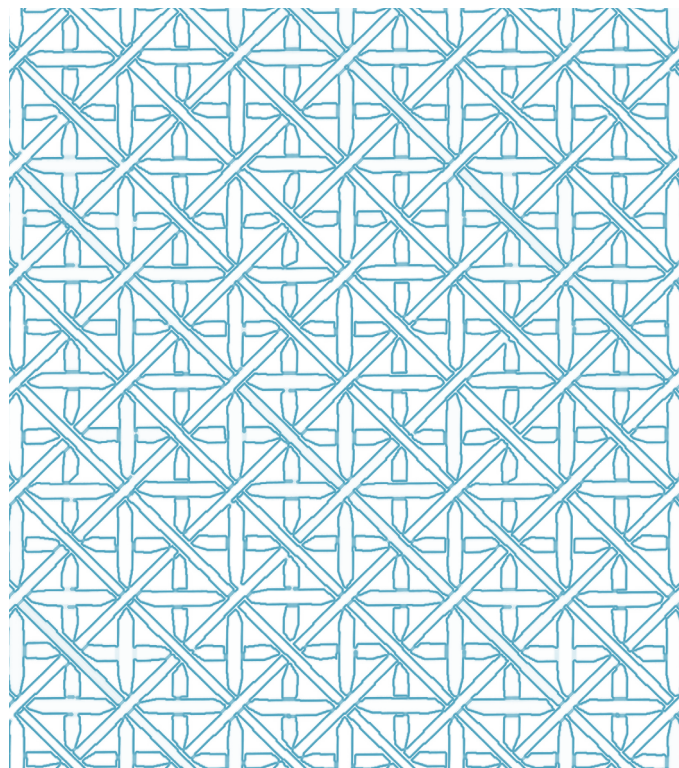

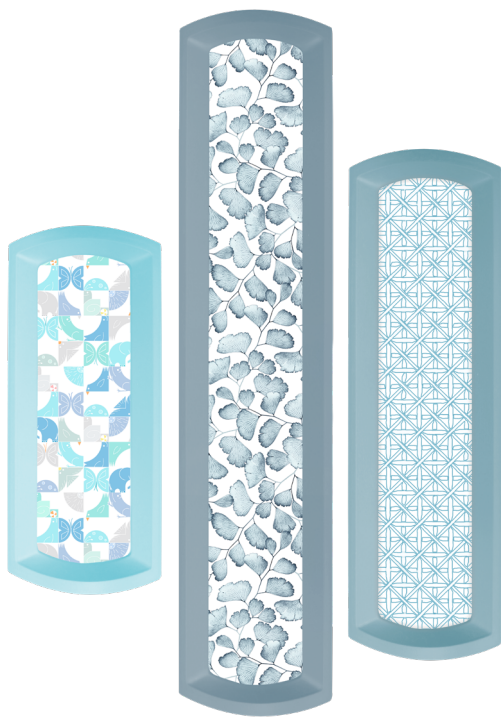

MedMaster CleanScene luminaires allow you to incorporate beautiful graphics into healthcare and MRI spaces. With a range of customizable configurations and image options, you can create a personalized, welcoming environment that helps reduce patient anxiety, while meeting the unique demands of these critical spaces. Available in 2x2, 2x4, and 4x4 sizes, flush lens or regressed lens for an architectural skylight effect, and multiple or custom configurations.

### MEDMASTER® AURACYL™ SCONE (MAS & MRIMAS SERIES)

The Auracyl scone from Kenall now offers a new level of design freedom. With the ability to add custom graphics and frame colors, this luminaire transforms a functional light source into an opportunity for art, to create a more comforting and visually engaging space.

#### LOW PROFILE SCONCE™ (LPS5, LPS5MRI, LPSR5 & LPSR5MRI SERIES)

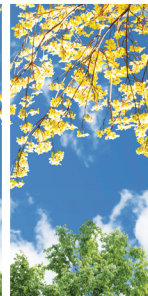

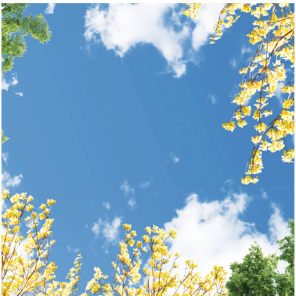

Kenall's edge-lit Low Profile Sconce offers the ability to add custom graphics from the iMAGINE series in your frame finish of choice. This versatile luminaire, available in surface or semi-recessed options, provides a personalized and functional lighting solution.

## Choosing your Imagery

Selecting the perfect image is key to creating a stunning visual experience. We've made it easy with an extensive catalog featuring a wide range of high-resolution photography and beautiful patterns.

## Luminaire Set Up

Our team works with you to bring your space to life, no matter the configuration. Once your artwork is configured, we'll send you a proof to approve before production begins. See pg. 18 for details on specifying CleanScene Luminaires.

# Endless Configurations

## The Right Image. The Right Way.

The possibilities are endless with Kenall's iMAGINE Series. Each high-resolution image is fully customizable to fit your specific design needs. Whether you need a single panel or a full-ceiling installation, we will help you every step of the way. The result is a truly unique lighting solution that reflects your vision. With a variety of fixture shapes, sizes, and installation options to choose from, you can tailor every detail to your project needs.

## Custom Graphics

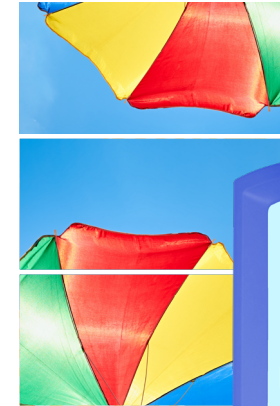

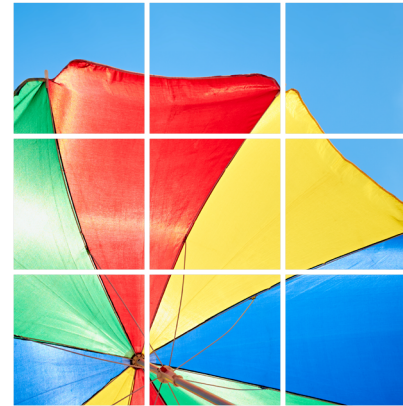

### Have a Specific Vision for Your Design?

Our image portfolio is just the beginning. With iMAGINE Series you have the ability to use your own high-resolution artwork for a truly unique lighting solution. It's the perfect way to make a bold, personal statement that's entirely your own.

### Submit Your High-Resolution Artwork

Our teams will work with you to submit your custom high-resolution artwork or logo to create a light fixture that is uniquely yours.

### Review Your Proof

You'll receive a digital proof of your design to review. This gives you complete control and ensures your vision is perfectly realized before we move to production.
